The purpose of the Workshop is to stimulate research and, in an informal setting, to foster the interaction of researchers in the interface between statistics and matrix theory. The Workshop will provide a forum through which statisticians may be better informed of the latest developments and newest techniques in linear algebra and matrix theory and may exchange ideas with researchers from a wide variety of countries.

IWMS-2005 is a Satellite meeting of the [International Statistical Institute Meetings](#) in Sydney, April 5-12, 2005.

Endorsed by the ILAS, International Linear Algebra Society.

Supported by [New Zealand Statistical Association](#), [Massey University](#), [New Zealand Institute of Mathematics & its Applications](#), [Royal Society of New Zealand](#) and [Statistics New Zealand](#).

Keynote Speakers C. R. Rao, Pennsylvania State University, United States
 Shayle Searle, Cornell University, Ithaca, New York, United States
 George Seber, University of Auckland, New Zealand
 Eugene Seneta, University of Sydney, Australia

Professor Rao is the [New Zealand Statistical Association Visiting Lecturer](#) for 2005 and is a Massey University Distinguished Visitor.

Professor Rao is sponsored by Nokia as the IWMS 2005 Nokia Lecturer

Professor Searle is sponsored by SAS as the IWMS 2005 SAS Lecturer

Professor Seneta is sponsored by the [New Zealand Mathematical Society](#) as the IWMS 2005 NZMS Lecturer
